Garment Care & Repair Tool Must Have's

Sweater Comb

Knit Fix Repair Tool

Snag it Repair Tool

Three-piece set of must have repair tools for clothing care.

Sweater Comb

To remove fuzz from all napped, woven or knitted fabrics-

1. Simply hold fabric taut with one hand.

2. Brush quickly and lightly with other hand.

Knit Fix Repair Tool

To easily repair snags on heavier knitted or woven fabrics-

1. With latch open, gently push knit fix from wrong side of fabric.

2. Pick up snag, close latch and pull to wrong side of fabric.

Snag It Repair Tool

To easily repair snags on fine knitted or woven fabrics-

1. Insert pointed end into center of snag.

2. Continue to push or pull tool through fabric.

3. Stretch fabric gently to readjust fibers.

Warning: Knit Fix and Snag It tools are sharp products, keep away from children
